**Next Meetings**

**Host - Alan Harland**

[Address removed from web posting,  
contact direct for location]

**\* 12 February 2005 \***

1. Just a quick letter to include a few things. As highlighted above, the February 12 meeting will be hosted by Alan Harland. The meeting's official start is 1:30, and Alan asks that we bring a chair. His HO layout will be operating, and also a section of track for all the On30 people. Please give Alan a call to advise attendance to help with the catering.

See you all there.

2. Some corrections to the Membership List I sent out before Christmas.

[Deleted from web document.]

3. Following initial informal discussions with members of the Northern Rivers MRC in November, and at their invitation, Sandra and I journeyed to Lismore on 15 January to discuss NMRA membership for their club members. The object of the visit was to answer any questions from club members, in particular the provision of public liability insurance coverage.

4. I spoke to nine members of the club, including the executive, explaining from my perspective the benefits of NMRA membership, including access to the worldwide resources, and the Achievement Program, in addition to the insurance question. Some members had already accessed NMRA websites and were quite taken with the content and information available.

5. Subject to the satisfactory answering of of two questions they left me with, and the ratification of the decision by the balance of their members, I believe our organisation will have 14 new members from Northern NSW come 01 July. They are a good bunch of modellers, whose N Scale display layouts are well known at exhibits throughout SE Queensland.

6. If any of you are travelling, and find yourself in the vicinity of Ballina/Lismore on a weekend, their clubrooms are on the corner of the Bruxner Hwy and Mclean Ridges Rd in Wollongbar. Give Dave a call on (02) 6624-7463 beforehand to check.

**BC&G #14**

7. Don't forget name tags are available at \$6.60 plus postage, with orders taken by Sandra or myself.

See you in February.
