Acknowledgements

Thanks goes to the following who have over the years have expanded my interest in cane railways.

T Badger, L Driver, G Driver, P Ford, L Zelmer, C Hart, E Millington, T Millington, J Browning, M Green, P Henderson, G Hadley, B Geraghty, P Dove, and the members of the CaneTrains email group.

A special thanks goes to the locomotive and service crews at Isis Central and Tully sugar mills.

For more information about modelling cane railways visit the Cane Railway (Tramline) Modelling Special Interest Group, *CaneSIG*, at www.zelmeroz.com/canesig

Editor's Note: This series of modelling notes has been reformatted from Carl's presentation at the 2004 Railways of Queensland Convention. Some details, including mill closures, locomotive names and ownership, etc., may have changed since that time.
